Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2018-19 educational progress for the Mildred C Wells Academy. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact the school leader, Latrisha Corona, for assistance.

The AER is available for you to review electronically by visiting the following web site, <https://www.wellsacademy.com>, or you may review a copy in the main office at your child's school.

For the 2018-19 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given. In 2016-17, Mildred C. Wells Academy was identified as a Comprehensive Support and Improvement School. It is a 3-year designation.

At Mildred C Wells Academy, we utilize best practice instruction to meet the needs of all learners. This includes employing a rigorous sequence of instruction that uses the gradual release model, as well as differentiated instruction. We use data analysis to target the strengths of our students, as well as areas where students have not obtained mastery of the curriculum. We monitor both screeners and progress monitoring data such as DRA and NWEA to move our students within tiers in our Response to Intervention/Multi-tiered System Support program. The Positive Behavior Intervention Support (PBIS) program teaches students how to be

successful in school. The PBIS team discusses and monitors behavior concerns and issues that impede the learning process and that cause students to have low academic achievement. PBIS and MTSS are two initiatives that we have used successfully to move our students towards academic excellence. The data shows that we have a high percentage of students that are chronically absent or truant. We are working with our district truancy representative to identify the causes and provide assistance to families to ensure students are attending school at a rate of 93% or higher.

State law requires that we also report additional information.

Annual process for assigning pupils to the school, 2017-18 and 2018-19:

- Mildred C Wells Academy is a free, public school and adheres to all requirements outlined by its charter authorizer and federal and state law regarding enrollments.
- The academy does not charge tuition nor discriminate in admissions policies or practices on the basis of intellectual or athletic ability, measures of achievement or aptitude, status as a handicapped person, religion, creed, race, sex, color or national origin.
- Current students are given the opportunity to re-enroll in late winter, with preference given to them and their siblings.
- In the spring, the school holds an advertised open enrollment period, during which any Michigan resident may apply.
- In the event that any grade is over-subscribed, a public lottery is held to determine enrollment and a waiting list.
- The academy identifies, evaluates and services all children in the school who may have disabilities. For more information regarding assistance for students with disabilities or if you suspect your child may have a disability, please contact the school leader.

The status of the 3-5 year School Improvement Plan

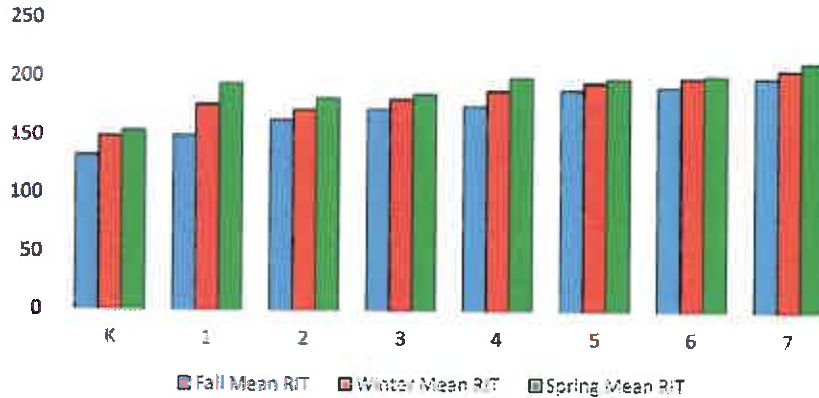

As the school improvement team evaluates and plans for the 2019-2020 school year, the team determined that the teaching staff continues to need professional development with regard to best practice instruction in all subject areas. The RTI time has been increased , to include dedicated intervention time for both reading and math. In addition, the instruction learning cycle process has been put in place to increase the academic achievement gained fro Tier 1 instruction. The School Improvement Plan is a living document which serves as the foundation of the educational program. Our data continues to reveal that an emphasis on mathematics is needed and the school uses daily center time to address gaps in foundational skills.

The MCWA curriculum is available at the school office upon request. MCWA uses a myriad of resources to teach grades K-6 the common core standards. We use Reading Street for the ELA reading block. Envision Math for mathematics and site licenses such as ReadingA-Z.com, Reading Eggs, Math Seeds, Newsela, and MobyMax to strengthen foundational skills and to introduce new concepts. The staff also uses best practices through the sequence of instruction to ensure our students are receiving an equitable and quality education. To insure we implement the curriculum with fidelity, we monitor through observations, walk-throughs, grade book reviews, paperwork audits, data team meeting and teacher meetings. Teachers (core and specials), paraprofessionals (one-on-one and grant-funded), the social worker and the special education teacher meet during Rtl and Co-Planning meetings to address the needs of all students and have a dialogue to discuss if we are using all the tools available to meet the needs of the students. Students are monitored with Focal Point K12, NWEA, Common Core

Curriculum, the sites mentioned above and other progress monitoring tools to address immediate needs with real time data.

The National Assessment of Educational Progress (NAEP) is periodically administered by the U.S. Department of Education based on assessments administered to samples of students in each state. Federal regulations require the display of state level NAEP data on the Annual Education Report. These data represent the performance of the most recent sample of Michigan students on the NAEP.
